### ELEMENTARY SUMMER READING and MATH PROGRAM 2026

Dear Elementary Parents,

We believe summer is the perfect time for students to continue growing as readers, thinkers, and learners—while still enjoying all the fun that summer brings! Our goal is to help students keep their academic skills fresh while also encouraging a lifelong love of reading and learning.

This summer, instead of assigning specific books or graded work, we simply want your child to READ—anytime, anywhere, and anything they enjoy! We are excited to continue our **Summer Reading Challenge**, where students in grades K–5 can complete a fun **Bingo board** by reading books of their choice in creative and unusual places.

In addition to reading, we are also including a **Summer Math Bingo board** (Kindergarten Board will look a little different) to help students keep their math skills sharp throughout the summer months. As the students complete activities, they can color in the squares on their boards. **Completed** Reading and Math Bingo sheets (all squares colored) should be turned in to their teacher on the first day of school.

Every student who returns **both** completed Bingo boards will be invited to our **Celebrate Reading and Math (CRAM) Party** at the beginning of the school year!

To make the challenge even more fun, we would love for you to send a picture of your child reading in their favorite or most creative spot this summer to [admin@hcaga.org](mailto:admin@hcaga.org).

We can't wait to see all the fun and imaginative ways our students engage with reading and math this summer. Thank you for partnering with us in helping your child continue to grow and learn.

Have a wonderful summer, happy reading, and happy learning!

Warmly,

**Julie Ross**

HCA Elementary Principal
